AIRBORNE CONNECTION

AIRBORNE CONNECTION

RULE BOOK

- Participants can register both online and offline.
- Bridges must be built using only ice cream sticks and glue (materials will be provided).
- No external materials or tools allowed.
- A predefined gap must be spanned (announced at event).
- Fixed number of sticks and a time limit of 1 hour.
- No replacement materials will be provided after the build begins.
- Bridges will be tested for load-bearing capacity and structural stability.
- Incomplete bridges (not spanning the gap) will be disqualified.
- Event coordinators' decisions are final.
- Tampering with others' structures or misbehaviour leads to disqualification.
